

Fire Damages Home Near Enterprise

A one-story home owned by Ray Reese, on the Pleasantville-Enterprise road about a half mile from Pleasantville, was badly damaged by fire about four a. m. yesterday. Mr. Reese sustained a laceration of the hand, and Mrs. Dorothy Silvers a leg laceration in escaping from the home.

The fire was discovered by Mr. Reese, who awoke to find the home filled with smoke. Having no telephone, he and Mrs. Silvers drove to Pleasantville to turn in the alarm, and about 20 men and two pieces of equipment from the Pleasantville Fire Department responded.

Firemen used their 1,250-gallon tank truck and halted the flames before the home was totally destroyed. Damage was estimated at \$2,000.

Fire Chief Ken Stokes said the fire apparently started from a defective oil stove. The occupants were unable to take anything with them as they escaped, but it was understood that some clothing and other personal belongings were salvaged.

Christmas Party For Pack 50 Cubs

Ludlow, Dec. 19—Cub Scouts of Pack 50 held a very enjoyable Christmas party in the gym at the Cox home, with approximately 50 parents and friends attending.

The meeting was in charge of Cubmaster Lawrence Larson, the Cubs giving a skit, "Twas the Night Before Christmas," and

PARALYTIC POPS POTROAST—Roy Freeborough, son of Mr. and Mrs. Merle Freeborough, of Youngsville, who has been paralyzed from the waist down since 1946 when he was almost fatally injured in an automobile accident near Garland, is probably the only hunter to shoot a deer while sitting in a wheelchair.

Missing only two days of the entire hunting season, Ray was successful in his quest on the morning of nearly the last day when he bagged a 75 pound doe on Davy Hill near Youngsville.

Loaded in a cat together with his collapsible chair by his father and brother, Norris, Freeborough was taken to the woods and placed near a crossing to await a shot. He had been out for about two hours on Friday morning when the doe wandered into the path of his Krag rifle.

Roy has been home from the Richmond, Va., Vets Hospital for about three months, but will return after the holidays for further treatment. After a long period of time in which he was critically ill, his general health has improved so that he can once again enjoy some outdoor sport. He is also an ardent fisherman.

singing several songs; and Wolf Cub giving a recitation. Wolf badges and pins were awarded to Jerome Federko, Ardale Carlson, Johnny Cox, Ray Swanson and Everett Larson. The don chiefs, Keister Connelly, Fred Johnson, Michael Swanson and Tommy Anderson, were each presented a gift by Walter Cox in behalf of the Pack.

Handwork for the month, done by the boys, was displayed. These articles represented gifts made for the parents and all of the Christmas decorations. At the close of the meeting, lunch was served by Mrs. Ray Swanson, Mrs. Andy Misulich, Mrs. Vernon Swanson and Mrs. Lawrence Larson. Gifts were exchanged among the youngsters and candy canes were given all the Cubs.

RECOVERS AT HOME

Axel W. Carlson, 2 Averill street, who was discharged from Warren General Hospital, Monday, is recovering from his recent illness at his home.

TRAIN LATE

Storm conditions along the right-of-way caused the morning passenger train from the east to report into this division three hours and forty minutes late this morning, railroad officials said.

HOME ON LEAVE

Pfc. Thomas A. Grillo, Jr., USAF, son of Mr. and Mrs. Thomas Grillo, Sr., 115 Pennsylvania avenue, west, has arrived from Chillicothe, Mo., where he has just completed an Air Force course in business administration and personnel at Chillicothe Business College. When Pfc. Grillo leaves Warren upon completion of his furlough, he will report to Hill Air Force Base, Ogden, Utah, December 25.

QUIET NIGHT

Other than regular patrols, city police passed a relatively quiet night with only a few entries on the docket this morning. No report was filed for a minor accident on the east side last night which involved three automobiles. No one was injured and damage was small. Police were called to the Warren Axe and Tool Company early this morning when the night watchman fell and suffered a laceration of the nose. He was taken to Warren General Hospital for treatment of the injury at seven a. m.

HEARING ON SIDING

A hearing was held in the court house this morning by Attorney J. H. Goldstein, representative of the Public Utility Commission, regarding the proposed railroad siding into the property of the Warren Industrial Development Corp., to the Lexington avenue plant of Sylvania Electric, Inc., in which the Pennsylvania Railroad requests authority to construct the crossing authorized in an ordinance passed by borough council in September. In addition to the P. U. C. representatives, attorneys were present for the borough and the railroad company.

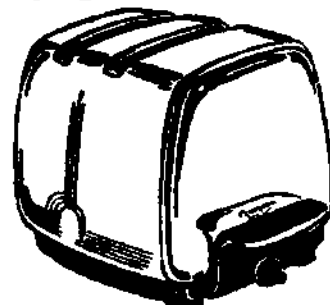

WORKMEN INJURED

Steve Peroski, 25, of 112 South Pine street, and Elmer Daub, 28, of Kinzua, were injured at 9:15 p. m. Tuesday while at work at the DeLuxe Metal Furniture Co., a division of the Royal Metal Manufacturing Co., when struck by a falling metal sheet. Mr. Peroski is a patient in Warren General Hospital with deep lacerations to his left ankle and foot, including three severed tendons. Mr. Daub was released after sutures had been inserted and he was treated for injuries to his right leg. William Smith, South South street, suffered injuries to his nose while at work at the Warren Axe and Tool Company plant, and was discharged after being treated.

Belgian Nurse Lauded by Warren Girl For Unusual Service in Korea and Japan

Mrs. Carl A. Erickson, 714 West Fifth avenue, is in receipt of interesting communications from her daughter, Lt. Virginia A. Erickson, now stationed with the 283d General Hospital, Osaka, Japan, who was formerly attached to the Fourth Field Hospital throughout her stay in Korea, having landed with the invasion forces at Inchon in September, 1950. After the Reds forced the U. N. Forces to retreat south, the Hospital unit made Taejeu their headquarters, where Lieut. Erickson made the acquaintance of Mademoiselle Marthe De Backere, a Belgian nurse, who endeared herself to the Warren officer as well as to everyone with whom she came in contact.

Lieut. Erickson enclosed an article and snapshot of "Becky" explaining that the two became great friends as they worked on the surgical wards together where all battle casualties were admitted. Of Becky Lieut. Erickson says "She's a very extraordinary woman and could well be classified as one of those 'unforgettable characters'." Then she continues:

Shortly after the Chinese intervention into the Korean conflict, the Belgian Battalion joined the famed Third Division in Korea. This takes us back to January 1951. Along with the Belgian Battalion were two Belgian nurses whose duties were assisting and caring for the wounded U. N. soldiers in Korea. They were assigned to the U. S. 4th Field Hospital in Taejeu and this was my first encounter with Becky.

Becky's real name is Mademoiselle Marthe De Backere but since this was such a hard name to remember, she was quickly dubbed the nickname of Becky by all who knew her. Becky is a rather short stocky woman, presumably in her mid thirties, has blond frizzy hair, very fair complexion, bright eyes and an ever present friendly, heart-warming smile. She speaks English fairly well but with a decided accent and speaks French and Belgian fluently which indeed proved extremely helpful as she became our number one interpreter. The language barrier in Korea was quite a problem as far as the medical were concerned and many times we were at a loss when no interpreter was available.

Ask any wounded U. N. soldier if he remembers Becky and if he does, immediately a warm smile lightens his face, for everyone loves Becky. Her primary duty was to aid and assist the wounded to the fullest extent and she fulfilled her duties in a superior and memorable manner. Quite naturally, there were some differences in nursing procedures of the two countries and many of their procedures proved superior to ours. She especially loved to do dressings and the wounded men always praised the superior manner in which she did this task. She always seemed to be able to take the extra long hours and hard work in her stride better than the most of us. Becky was happy when she was working and comforting others and she in turn made the wounded feel secure and at ease which is difficult in such a place as Korea.

Later in the year she was sent to the U. S. Army Hospital in Tokyo where the majority of non-English speaking U. N. soldiers were evacuated from Korea prior to being sent home to their respective countries. Not too long ago Becky sailed back to Europe with a boatload of wounded U. N. soldiers but even to the last, she expressed her desire to return to Korea with the Belgian Battalion.

Here indeed is another Florence Nightingale and one who will not be forgotten.

Remembrance For Kresge Employees

Announcement has just been made by the Company's main office in Detroit, that employees of the S. S. Kresge store here in Warren, will receive cash remembrances again this Christmas, says F. A. Wood, store manager.

This is the thirty first year that the S. S. Kresge Co. has paid cash remembrances to its employees at Christmas time. This year, approximately 40,000 Kresge men and women throughout the country's 623 stores will participate in the plan.

All full or part-time employees working on December 24 who were hired before December 1, are eligible to participate in the Kresge Christmas remembrance plan, says Mr. Wood, and the schedule is arranged on the basis of the length of the employee's service with the Kresge Co.

"The Christmas remembrance plan was adopted as a means by which the Kresge Co. could thank its thousands of employees for their faithful service throughout the year."

TEMPTERS MUST SHARE GUILT
It is wholly proper that we should demand the highest moral standards from our public servants. When they enter upon government service, they are assuming a public trust. We who are on the outside looking in may be guilty of a smugness we hardly realize, reminds Bruce Blossat, NEA, Inc., writer in an editorial. In our readiness to censure illegal and immoral doings in government, we may be forgetting a few things, he continues.

The federal worker who boldly steals from his government, or cheats by failing to pay the full amount of his income tax, is obviously a lone-wolf transgressor. But what of the man who is guilty of parceling out influence, of dispensing federal favors in return for personal favors granted, or of somehow suspending legal penalties that ought to apply?

He has been a party to a deal. And a deal takes at least two to bring it off. There is seldom a granting of influence or favor unless someone is seeking. In all such cases, therefore, does not a large share of blame for wrongdoing fall upon the outsider who has successfully brought pressure on government officials? His responsibility may be less than equal, since he does not bear a public trust, but he is nevertheless seriously at fault.

In some ways he may be more culpable, for he is the tempter in all too many instances, the one who begins the effort to corrupt. This does not excuse the weakness of the government official who yields; in the end there would be no corruption if his resolve and sense of moral duty were firm. But it does make the tempter something short of an ideal citizen.

The shameful tax scandals and the countless other evidences of government corruption that have been brought to light in the past year are thus two-sided coins. On their face they depict the evil of men who have either deliberately or ignorantly misused public office. On their reverse side they show the corrupting instincts of men in the business community and other spheres who shrewdly calculate the frailty of government workers on limited pay and similar restrictions and play upon those soft spots.

There can be no apology for the easily tempted. But neither can there be forgiveness for those who try to take advantage of these weaknesses to the grave detriment of public morals and the ideals of democratic government. Let the blame fall upon all those who should shoulder it.

TIME FOR GROSBEEKS

Unusual, handsome visitors from the bird world may be seen in Pennsylvania this winter.

Merrill Wood, assistant professor of zoology at Pennsylvania State College, says that evening grosbeaks are appearing in Pennsylvania and other states earlier and in larger numbers than ever before.

A flock of pine grosbeaks have been observed on the Penn State campus for the first time in 21 years, Wood says. They were first noted on November 11 and he explains that this is only the third time on record that the birds have been seen there.

The adult male evening grosbeak can be recognized by its yellow color and black and white wings, while the female birds are more grayish and yellow. They are often seen feeding in box elder trees. Pine grosbeaks are robin-sized birds, the males a rosy-red color with two white wing bars, and the females a grayish color with white wing bars.

Both species of grosbeaks breed in the northern spruce forests of Canada, Wood explains, so their appearance in this area provides a rare opportunity for birdlovers.

News that S/Sgt. Leon Dale Hawley, nephew of a Pleasant township resident, is carried in the list of Pennsylvanians held prisoner of the Communists comes as a pleasing Christmas message, not only to members of the family, but to all in the community. It is sincerely hoped that further dispatches will bring more joyous information that he is alive and well, and still other youths from the area on the missing list will be reported among those who will eventually be returned to homes and loved ones.

The Communists have their Siberia, but we have something worse. We have a torture that the Reds in all their diabolical inventiveness cannot match. We can assign a man a fate worse than death or exile. We can tell him that he has to sit down at a table and try to negotiate with Communists.

Here And There

So far as last-minute shopping, a nickel again. The gravity of the rushes are concerned Christmas season this year is not unlike the last weeks of December fifty years ago, according to an article that appeared in The Warren Evening Times of Wednesday, December 19, 1901, under the heading "Rush Is On!" It says:

This is shopping week!

Although many persons start their Christmas shopping just after Thanksgiving, and a few of the very satute pickup bargains here and there during the whole year, with the prospect of the holiday season in mind, by far the greatest number leave all their purchasing until a few days before the day of days.

Everyone carries bundles and the majority of the faces wear an expression of anxiety, lest the precious burdens meet with disaster. The youngsters enjoy this part of the Christmas season almost as much as the actual receiving of presents. Each has his or her little purse, the contents of which usually represent months of savings - a cent put away now and

another again. The gravity of the rushes are concerned Christmas season this year is not unlike the last weeks of December fifty years ago, according to an article that appeared in The Warren Evening Times of Wednesday, December 19, 1901, under the heading "Rush Is On!" It says:

The arrival of the young man buying a Christmas gift for his sweetheart is another event that helps break the monotony of the salesman. There is usually a great deal of hesitation, embarrassment and bashfulness in such cases, and as a rule it ends in the pretty girl behind the counter coming to the embarrassed young man's rescue. The young bride, according to the best authority, favors a smoking jacket, or traditional box of cigars for "hubby!"

On Monday afternoon the rush for Christmas presents will reach a climax, come to a sudden end and then Christmas shopping will be over for another year.

This 'n That: Nice to greet again the many young college students and members of the Armed Forces who are arriving home

to spend the holidays with loved ones in and around Warren. . . It may sound like dubious consolation but we note where one of our exchanges calls attention to the fact that with February providing an additional day in 1952, there'll be another 24-hours to get ready for your income tax filing, or another day, as another paragraph views it, for Gen. Eisenhower to decide whether or not to make the "leap". . . The Christmas season was made happier for our Helen Schmitz, a member of the staff, her family, and every Times-Mirror worker, because of the honesty of Jim Adams, 15 East Wayne street, who found and returned her purse, containing money intended for Yuletide shopping that she had lost from the running board of her car en route from home above North Warren, to the office Tuesday morning; the incident further strengthens our belief that there really is a Santa Claus. . . Up at North Warren Kermit Larson, Church and Berry street, is fostering a project that is not only furnishing a lot of invigorating entertainment for a bunch of his neighboring youngsters, but which offers a suggestion for residents of other communities to follow: Mr. Swanson has formed an ice skating rink of good size by flooding a portion of his yard, and the frigid weather of the past few days provided the temperature to complete the job; flood lights at night add to the enjoyment of the kiddies and the adult spectators who gather there each evening.

Your Dollar Will Go Long Way If You Can Vacation in Spain

BY PETER EDSON
NEA Washington Correspondent

BARCELONA—(NEA)—Spain is still the tourist's best bet in Europe. With the official exchange rate at just under 40 pesetas to the U. S. dollar, and the black market rate much better, money will go far. A big double room and bath at the Ritz here costs \$4.40 a night. Best rooms in Madrid, with linen sheets, are \$8 and \$10. Rates at the official government inns are from \$1 to \$2 a night. Second-class hotels without the conveniences are less. Food in Barcelona is higher than other parts of Spain, but the average table d'hôte luncheon or dinner, with three courses and dessert, is \$1.15. Theater tickets are \$1, but bull fights get up to \$20. A big file mignon in Toledo was 75 cents. Five pesetas—12½ cents—is an average tip and will get you service with a smile. For those who can take it, Mediterranean sea food offers some rare adventures in eating. You start with French fried munnies, tails, heads, black eyes and all. You go from there to baby clams about the size of your finger nail. Baby octopus in the soup or snails in the rice are the next step. Then eels. When you can eat octopus cooked in its own ink—then you're a real Spaniard.

MADRID—Spanish government of El Caudillo Francisco Franco is still doggedly, determinedly fascist in character. This was strikingly shown after a recent Spanish government order temporarily expelling a New York Times correspondent.

When the order cancelling the expulsion was issued, some U. S. newspapers praised the action. It was interpreted as a sign that Franco was at last seeing the wisdom of greater freedom of expression and less censorship.

Spanish government press officers immediately protested. The Franco administration was not becoming more liberal, they said. And they didn't want credit for being considered liberal when they weren't.

PARIS—Dr. Philip Jessup, doing a job here as U. S. representative to the United Nations General Assembly meeting, had a unique experience after the Senate refused to confirm his appointment. Republican Sen. H. Alexander Smith of New Jersey, whose vote against Jessup had resulted in a 3-to-2 Senate Foreign Relations subcommittee adverse recommendation, called Jessup to his office.

Smith and Jessup had long been friends. Smith's vote had therefore come as a surprise. The senator said he hoped his vote would make no difference in their friendship.

He said his reason for the vote was a belief that Jessup had lost the confidence of the country. Jessup accepted President Truman's recess appointment, and came to Paris regardless.

MADRID—Question of Franco overthrow is no longer considered a remote possibility. Maximum opposition to Franco is considered not more than 10 per cent of the people, and most of the opposition leaders are in France or Mexico.

After 15 years of Franco rule, opposition has been pretty well dissipated. The country is still heavily policed, with 50,000 Guardia Civil, in their green uniforms and black patent-leather hats turned up at the back, patrolling every road day and night, keeping an eye on every truck and its cargo.

There is no opposition press in Spain. In recent months a little criticism of village officials has been allowed to creep into print. There was also some open criticism of candidates in recent municipal elections. Everything else is still under tight censorship.

RADIO-TV DAY BY DAY
BY C. E. BUTTERFIELD

Eastern Standard Time
New York, Dec. 19—(AP)—Championship playoff of the National Pro Football League next Sunday afternoon, will go to the full DuMont network. A total of 42 cities will carry.

Because the event takes place at Los Angeles, the Los Angeles Rams of the National Conference meeting the Cleveland Browns of the American Conference, the broadcast will not start until 4 o'clock.

Dragnet, anti-crime drama based on cases from the Los Angeles police department, apparently will do just as well in television as it did in radio judging by its introduction via film from Hollywood on NBC-TV. The first story had just the right amount of suspense without overdoing matters. Some critics thought the program more entertaining than the comedy shows which have been rotating in this time.

Dragnet starts a regular TV series on Thursday nights beginning Jan. 3. This is the same night that the program goes on radio.

More Christmas Specials: Tonight—MBS 10:30 Sioux City Choral Association; NBC 11:30 Columbia University Teachers College Concert Choir, 32 mixed voices. Thursday—MBS 4:30 p. m. Red Cross Christmas story from Washington, narration and sacred music; CBS 4:30 New Hampshire Concert Choir, all male singers.

In addition, on MBS radio at 9:30 tonight the Family Theater is to present Charles Tazewell's "A Lullaby of Christmas" with Roddy McDowall in the lead. Christmas atmosphere for the Bing Crosby show on CBS at 9:30 calls for Bing and his youngest son, Lindsay, to sing "Silent Night" and for the boy to solo "That's What I Want For Christmas."

On NBC-TV at 8 Kate Smith is to have her annual Christmas presentation of "The Small One," originally a regular in her former radio series.

The Pulitzer Prize Playhouse returns to ABC-TV at 10 tonight under a different sponsor on a 61-weekly schedule. The series is "The Skin of Our Teeth," with the cast to include Thomas Mitchell, Nina Foch, Peggy Wood and Mildred Natwick.

On the Air Tonight (Wednesday): NBC—8 Halls of Ivy "The Snow"; 8:30 Greater Gildersleeve; 9 Groucho Marx Quiz; 9:30 Big Story from Lowell, Mass. Sun; 10 Barrie Craig Who-Dun-It; 10:30 Meredith Willson Music Room.

ABC—8 Big Town drama; 8:30 Dr. Christian "Janie"; 9 Red Skelton Comedy; 9:30 Bing Crosby. ABC—8 Mystery Theater "Case of El Supremo"; 8:30 Top Guy drama; 9 Rogues' Gallery; 9:30 Mr. President.

MBS—8 Hidden Truth; 8:30 Airport drama; 9 2000 Plus, Science Fiction; 9:30 Family Theater "Lullaby of Christmas".

Radio and TV: CBS and CBS-TV—Watergate bout at New York, Chico Vejar vs. Carmine Fiore.

Three Veteran Members of the I. O. O. F. Are Honored

Three veteran members of Warren Lodge No. 338, Independent Order of Odd Fellows, were honored in an unusual manner last evening during a tureen dinner attended by about fifty members, held in the dining room of the temple in Hickory street.

The members honored were W. C. Silile, 73, above left, who has been a member of the Odd Fellows since December 3, 1901; Benjamin Berkman, aged 78, right; and Ralph N. Brown, 84, center, as they posed for the picture just before the presentations.

Mr. Silile and Mr. Berkman were presented, on behalf of the lodge, with jewels in recognition of fifty years of membership in the order, and Mr. Brown received a past grand's collar and jewel from members in recognition of 41 years of faithful service in behalf of Odd Fellowship, and the Children's Home at Meadville, where he was a member of the board for almost 35 years.

Milton Witz, past grand, delivered the invocation before the serving of a delicious tureen dinner in the dining room, with tables decorated in Christmas colors, including spruce and pine, and red tapers. The program and dinner were in charge of a committee composed of H. D. Kinkadee, Henry Sandblade and Clarence Loney.

Following the dinner Mr. Kinkadee introduced Grover Lind, who in turn, in appropriate manner, presented the fifty-year jewel to Mr. Silile, recalling that the honored member joined Tionesta Lodge (since disbanded) December 3, 1901. He said it was needless to remind those present of the faithful service rendered by Mr. Silile, who transferred to Warren Lodge thirty years ago. His activities include recording secretary of Warren Lodge, scribe of Kosuth Encampment No. 98, in addition to participating in work of most of the degrees of the two affiliated branches.

Mr. Silile responded in an appreciative manner, relating a most interesting story of the time fifty years ago when he lived at Kelleysville, and started for Tionesta to join the IOOF lodge there, declaring that he with two others walked eight miles into the town after encountering difficulty with the horse-drawn surney in which they were riding, beating two other companions to the lodge hall by a matter of hours. He said the class of candidates took all four degrees of the subordinate lodge which took most of the night. Tionesta lodge later suspended and affiliated with Oil City Lodge. He thanked the lodge for the honor shown him and the jewel the dinner and the fine gathering.

Mr. Kinkadee presented a similar jewel to Mr. Berkman, who will have completed fifty years of affiliation with Warren Lodge early in January. He recalled that Mr. Berkman for 40 years was connected with the Pickett Hardware Co., and as driver of their delivery wagon, and later truck, made many friends who cherish his acquaintance. He praised Mr. Berkman for his interest in Odd Fellowship, its charities and assistance given to the Homes. Mr. Berkman spoke briefly of his heartfelt pleasure for the honor received and thanked the members for their visits and aid when he was in the hospital a year ago.

A past grand's collar and jewel were presented Mr. Brown, by Mr. Kinkadee, in recognition of long and faithful service for Odd Fellowship and its charities, particular attention being called to his long connection with the Children's Home board at Meadville, which began in 1914 and continued 34 years.

Mr. Brown responded by relating experiences when he joined Youngsville Lodge about 1910, and later transferring to Warren Lodge. He lauded the Children's Home and what has been accomplished there down through the years.

G. Elmer Walters, Biddle street, who joined the lodge in 1899, was introduced, and Ed Lowrey, editor of the Times-Mirror, also spoke briefly.

Thanks were expressed to the kitchen committee for the dinner and general excellence of the arrangements. Following the program lodge convened for the regular Tuesday evening session when the first degree was exemplified for a class of candidates from Youngsville.

Dad's at the Switch

PAPA KNOWS BEST... And Junior must wait his turn to take the controls of that new electric train.

AP Newsteatures

It's a safe bet that Pop is going to be the first one playing with that new electric train on Christmas morning.

There's something about a train, say toy salesmen, that has an irresistible appeal for practically all males, especially grown-up ones. That's why so many fathers rush out to buy an elaborate electric train for Junior along with his first rattles.

This year's trains hold more thrills than ever for railroad fans young and old, say salesmen of one of the big electric train companies.

The toy trains are copied from blueprints of real ones, and will do just about everything a full-scale train will do. Latest models puff real smoke, have locomotive whistles and diesel sirens, couple and uncouple automatically.

Among new gadgets to add to the system is an automatic gate-man, to warn motorists of approaching trains, a new transformer that operates up to four train sets simultaneously on different tracks, derricks, milk cars and even a new station that announces trains.

So it looks like a merry Christmas for all living room engineers, young and old.

President's Yule Message to Scouts

President Truman, in his Christmas message to the Boy Scouts of America of which he is Honorary President, said that "in 1952 the motto 'Be Prepared' will take on new significance for the days ahead will call for faith, for strength of character, and a firm resolve to do all that can possibly be done to make peace and goodwill a reality among the nations of the world."

The president's greetings to the nation's 2,800,000 Cub Scouts, Boy Scouts, Explorers, and their leaders, made public by Dr. Arthur A. follows:

The White House, Washington.

To the Boy Scouts of America: An eventful year is ending and a new year is about to begin. To

all Boy Scouts I send the age-old greeting - - - a Merry Christmas and a Happy and a Hopeful New Year. In the year to come the Boy Scouts of America will, I am sure, continue to contribute to the nation its outstanding programs of constructive Americanism. In 1952 the motto "Be Prepared" will take on new significance for the days ahead will call for faith, for strength of character, and a firm resolve to do all that can possibly be done to make peace and goodwill a reality among the nations of the world. Go forward - - we have the world to serve.

CHRYSLER BEST U. S. CAR IN MEXICAN RACE

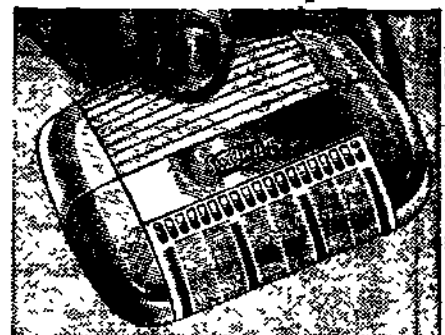

Bill Sterling (right), of El Paso, Texas, and co-pilot Bob Sandridge are shown with the Chrysler Saratoga which they drove to victory over all other American cars in the 1933-mile Pan American Race. Sterling drove his unmodified Chrysler, powered by the 180 horsepower FirePower V-8 engine, the length of Mexico in an elapsed time of 22 hours and 6 minutes

in what is conceded to be the longest and roughest road race in the world. So tough was the grind that of 91 cars starting only 35 completed the race. Tony Bettenhausen, driving a Chrysler V-8, lost time in the early stretches, but set a new world's record for stock cars, averaging better than 114 miles per hour in the final 230-mile stretch.

A Story Old, But Ever New—

The Christmas spirit means so much to so many, so much to the world. But the greatest meaning of all is found in the simple story of the birth of the Saviour, as told in the second chapter of St. Luke. It is a story that changed the world, a story that for nearly 2000 years has held in it the hopes of Christians throughout the world. The page shown here is from the revised Standard Version New Testament, published by the National Council of the Churches of Christ in the U. S. A.

Suggestion for delivering
an important
Christmas "package"

Holiday greetings by Long Distance, always a welcome "package" in the Christmas season, will be as popular as ever this year.

Most of these calls will go through promptly... but there will be some delays, particularly on calls to remote points.

We've made special arrangements to have an extra staff of operators at every switchboard. You can help them give you the service you want by making your calls before or after the peak hours on Christmas Eve and Christmas Morning. And whenever possible, give the operator the number of the telephone you want to reach. When you call by number, your call will go through faster... often twice as fast!

Wife's Discontent Can Wreck Husband's Life and Career

THIS complaint comes to me from a husband: "We have moved four times in the past six years from one city to another. And always for the same reason—because my wife decides that she simply can't be happy where she is."

"It was the climate she hated in one place. In the next she couldn't seem to find friends she liked. The third place was ruled 'impossible' because she didn't approve of the school system and thought our children would be better off somewhere else."

"Already she is beginning to run down the city where we are living now."

"In the past I have been able to make these moves because my company has branch offices all over the country and have been willing to let me move on as soon as there was an opening for me in another city."

"But I am sure this constant moving is a mark against me. And at age 41 I want nothing so much as to settle down and call one place home. Yet I love my wife and hate to have her unhappy."

It sounds as though you have been too easily influenced by your wife's whims for the good of yourself and your family.

IT'S LATER THAN WIFE THINKS

AND it certainly is high time you quit looking for greener pastures and settled down in one spot to make a place for yourselves and your children.

Next time your wife starts to find fault with the place you now call home have a serious talk with her, telling her everything you have put down in your letter. And let her know that you have made up your mind to quit moving.

When you have made her accept that fact, perhaps she will try harder to make friends, take a part in community projects and cultivate a pride in her new home.

No place is perfect and it is a wife's job to accept that fact and become a real part of any community where her husband's work takes him.

INCREASE APPROVED

It was announced today by the Penn Furnace and Iron Company that approval has been received from the Wage Stabilization Board

which enables the firm to give its employees an increase of six cents per hour retroactive from June 11, 1951. It has been decided to pay each employee \$40 of the amount due before Christmas, with the remainder to be paid as soon as

computation is completed. About 170 employees are affected.

So highly valued by the ancient Greeks were radishes that small replicas of them were made in gold.

THE SONGS OF CHRISTMAS

The history of "O Come All Ye Faithful" is obscure, but then the actual origin of caroling itself is unknown. French historians say that Bishop Telephorus of Rome began the custom of celebrating Christmas with songs about 129 A.D.

Now we come to the story of one of the great musical masterpieces of all time, George Frederick Handel's "The Messiah." It is doubtful if any single work of music has done more for mankind than this magnificent oratorio.

"O Come All Ye Faithful" is believed to be one of the old Latin carols that were danced as well as sung. We know that many carols were danced. This kept them from being approved by the church for centuries. The word "carol" comes from the Latin "carolare," a medieval ring dance accompanied by singing.

Aside from the sublimity of the music and its effect on man's spiritual side, it has been a great vehicle for charity. Literally it has "fed the hungry, clothed the naked, comforted the sorrowing."

Illustrated by Walt Scott

The music of "O Come All Ye Faithful" first appeared in print in 1751. Some credit it to John Reading, an English composer. Others say it was an old folk song that Reading merely arranged.

Handel, German born but English by adoption, was a genius and a controversial figure of his time. His career was a succession of failures and successes. In his hot-headed youth he fought a duel, disarming his opponent.

Heaviest Volume of Outgoing Mail in Post Office History

With special hours for the convenience of the public having been put into effect at the Warren post office, and with many extra workers hired to help out during the pre-Christmas rush, the office is handling the heaviest volume of outgoing mail and parcel post in its history.

Postmaster B. S. Knabenshue said today that as of December

17, the total metered and non-metered cancellations for December had reached 2,475,514. This figure was almost one million greater than the total of 1,487,049 on the same day in 1950.

While 22 extra employees have been put to work already, Mr. Knabenshue said this may reach 35 or 40 by the end of the week. Not only does each carrier have an assistant, but the inside staff has been augmented and extra men put on the trucks.

The windows at the postoffice will be open from 7:30 a. m. until 8 p. m. through Saturday, closed on Sunday, open from 8 a. m. until 6 p. m. Monday, and closed all day Christmas. The lobby will be

open Sunday and Christmas so box holders will have access to their mail. Mr. Knabenshue said today that while there will be no carrier delivery on Christmas, there will be parcel post deliveries during the day of packages which arrive too late for delivery on Monday.

Gerald H. Rickerson, postmaster at North Warren, said today that Monday's outgoing mail marked the largest day's business in the history of the office, and that incoming mail also was heavy. He said he was surprised to see this activity a week in advance of Christmas. The windows at the North Warren office will be open from 8 a. m. until 8 p. m. during

the remainder of the week through Saturday. On Sunday and Monday, the windows will be open from 8 a. m. until 6 p. m., with a complete cessation of activity on Christmas.

PASTOR IN GERMANY

Another step up the promotion ladder has been taken by Carl J. Christmas Mail Must Be Delivered By Christmas Eve

In accordance with orders of the Postmaster General, Warren Post Office officials contemplate that all Christmas mail shall be delivered by Monday, December 24th, and that all postal employees who can be spared shall have the opportunity to spend Christmas Day with their families.

The superintendent of mails has lined up an extra force of 35, mostly college men home on vacation, to assist the regular carriers and clerks with their unusually heavy work-load and every effort will be made to comply with the Postmaster General's orders.

While star routes and railway post office trains will operate as usual and mail to and from them is to be handled as scheduled there will be no deliveries (except late-arriving gift parcels and Special Delivery mail) and no rural delivery or window service from the Warren Post Office on Christmas Day. However mail arriving December 25 will be distributed as usual to P. O. Box holders.

For late-mailers the mail windows at the Post Office are being held open until 8 p. m., Wednesday through Saturday this week (and all afternoon Saturday). Also they open up at 7:30 each morning for those who go to work early.

It seems everything possible has been done for the convenience of patrons and to expedite Christmas mailing. But the Postmaster will welcome suggestions for improvement of the schedule or service for future Christmases.

Longer Boom Lasts the More Nervous People Get About Chance of a Slump

By SAM DAWSON

New York (AP) — The longer the business boom lasts the more nervous people get about the chances of a slump coming soon after the old adage that everything that goes up must come down.

"We are in the longest business boom on record in this country," the Cleveland Trust Co. notes in its business bulletin released.

"With temporary interruptions, it has lasted more than 11 years."

And the National Association of Credit Men warns today: "The end of the synthetic prosperity, in which industry has operated for so many months, may come sooner than is anticipated."

But the Cleveland Trust Co. is a bit more cheerful—it sees few signs of that happening in 1952.

Without the prop of continuing large spending for defense the boom probably wouldn't last through next year, the bank ad-

mits. But the bank expects the arms program to continue and to "generate a great deal of industrial activity in 1952."

Then boom's other big prop this year has been the record spending by business for new plant and equipment. Much of this is closely tied in with the defense program and will continue into the new year, although less essential expansion probably will drop off. The bank guesses that total dollar volume of construction in 1952 will be from five to 10 per cent lower than this year—but that's still quite high.

"Home building will decline by at least 15 per cent, and perhaps by more than 20 per cent," the bank predicts, believing that supplies will be harder to get and also that demand for new homes will be less.

The cost of living is likely to be higher, "but not much higher," the bank says hopefully. Wholesale prices may work higher, but raw material prices in general probably will not average much above the 1951 level.

Retail sales should top this year.

perhaps by more than five per cent, the bank says, because of the public's large purchasing power and its need to replace goods it bought a year ago in a war-scare spree.

To supply this demand, business has both the large stock of finished goods now on hand, and the great productive capacity of the nation's factories. The defense program will spur some output but hobble others by controls over scarce materials. This will hold industrial production in general at about the same level or a little higher.

Hi School German Club Enjoys Party

Turkey dinners with all the trimmings were served to the members of the Warren High School German Club, when they held their annual Christmas party at the Stoneham Community House.

About 55 students, with Edward Zukal, their adviser and two guests, Susanne Broell and her little sister, Barbara, newcomers from Hamburg, Germany, were present, braving the wind and the cold to be there.

Glenn Culbertson led the group in prayer before dinner. Later a program opened with the singing of "O Tannenbaum." Anne Jarrell read a German version of the English poem, "Twas the Night Before Christmas." After the group had sung "Stille Nacht," Susanne Broell told of the way Christmas is celebrated in the schools in Hamburg, and her ten-year old sister, Barbara, sang a solo for the high school group, again choosing the Christmas carol, "Stille Nacht."

James Cooney and Arthur O'Connor gave a vocal duet, "Still, Still, Still," and, after more group singing and an exchange of gifts, the students left, caroling "Gute Nacht."

AWAITING THE CUE—Second graders take the stage at McClintock school for their song-story, "The Shoemaker and the Elves", which opened the very successful Christmas entertainment presented last evening. The standing room only sign was hung out after the auditorium's capacity of 200 had been exhausted and still the parents and friends continued to arrive. A beautifully decorated tree graced the auditorium, snowmen were all about, and murals covered the bulletin boards. In the hallway, a seven-foot Santa was arranged by fifth grade pupils to extend their greetings. Lighting and scenery for the pageant backdrop were the work of David Olson and his sixth grade students. Completing the holiday schedule, teachers and pupils enjoyed a Christmas party this afternoon, with a treat provided by the PTA.

NAVAL DUTY ENDS

Mrs. Dorothy Collins, 239 Pennsylvania avenue, west, has had word from her husband, Plummer F. Collins, radioman first class, USN, that he received his discharge from the Navy in San Diego, Calif., Tuesday and expects to arrive home Saturday. Radioman Collins, serving aboard the medium landing ship USS-LMS 125, has been in Far Eastern waters since last April, operating with the fleet supporting UN troops in Korea. A veteran of three years service during World War II, he was called back as a reservist 16 months ago.

TWO ARE ARRESTED IN MILK SHAKEDOWN

Pittsburgh Dec. 19—(AP)—State Police charged two city health department employees with extortion in shaking down a Butler county milk hauler for \$1,000. They arrested the pair last night on the complaint of W. D. Rubright of Harmony R. D. 1. Free in \$2,000 bond are Frederick B. Elliott 42 and Joseph S. Karsh, 29, both of Pittsburgh. Elliott is the health department's chief sanitarian. Karsh is a dairy inspector.

State Police Sgt. John P. Helfenstein said Rubright paid Elliott \$500 on Oct. 1 for an annual milk hauling permit which costs \$75. Police arrested the pair after Rubright handed Elliott a package containing \$500 in marked bills. Elliott, police said, then handed the money to Karsh who drove away. He was taken into custody at his home.

Senate-Passed Bill May Be Unacceptable

(From Page One)

along with a host of amendments. The new amendments were proposed by a bi-partisan committee. The senate passed last night legislation to carry out consolidation of Philadelphia city and county governments. It came out on the house floor shortly afterwards with a clear track to passage. Both Republicans and Democrats have agreed to a plan to refer the mechanics of city-county consolidation to a 10-man commission whose membership would be chosen equally by Gov. John S. Fine and Democratic Mayor-Elect Joseph S. Clark. Meanwhile, a senate committee approved for floor action a bill to increase the pay of Pennsylvania's lawmakers from \$3,000 for a two-year session to \$5,000. The pay boost would not affect present senators or assemblymen unless they are re-elected. Both houses sent to a conference committee a package of appropriation bills on which there is disagreement. Sen. John Walker, Republican floor leader, said the lawmakers were running out of the time in the rush to adjourn Saturday.

Army Begins Arduous Task of Checking

The list was prepared by the Communists—there is no way to verify it—it is not official. The Reds have not allowed such agencies as the International Red Cross any contact with prisoners. May Gen. William F. Dean, medal of honor winner, was the biggest name on the list. The 52-year-old hero of Taejon was last seen heading back for Taejon a few hours after the Reds captured it in July, 1950.

Communist Thrusts Are Repulsed By Allied Infantry

Seoul, Korea, Dec. 19—(AP)—Allied infantry today repulsed several Communist attacks at scattered points along the Korean war front.

Most of what little action there was took place on the western front.

Northwest of Chorwon artillery was called on to help throw back a Red assault that began late Tuesday afternoon. Light contacts with Reds up to a company in strength were reported from other sectors in the west.

Twenty Reds sneaked into Allied lines on the eastern front early Wednesday. United Nations forces dispersed them within an hour and 20 minutes.

U. S. Eighth Army reported no American soldiers were killed along the front in the 24 hours ended at 6 p. m. Tuesday. Other U. N. and South Korean units counted some casualties, but they were extremely light. Last Sunday was a day of no American war deaths on the ground.

Allied ships and warplanes carried the war to the Reds without interruption.

Fog and low ceiling kept U. S. Sabre jet fighter planes on the ground Wednesday but other Fifth Air Force planes flew 164 sorties despite the poor weather.

Resters Are Criticized by Negotiators

(From Page One)

Chinese newsmen pointed out there are innumerable English spellings for any Chinese name; and the English spelling could be translated back into varying combinations of Chinese ideographs.

The U. N. has promised to supply a list written in Chinese and Korean about Christmas Day. Red China's Peiping radio said the Allies also agreed to identify them by rank and unit as soon as possible after Christmas.

Brig. Gen. William Nickols, official U. N. command spokesman, said: "We gave them exactly what we requested from them."

He said the U. N. list was "just a confirmation of information already given the Communists by the Red Cross. The information is readily available to them. Nothing is being withheld."

That was the information in the U. N. list.

The Red list contained the same information plus serial numbers and unit. The Communists supplied the Allied names in English.

But there were protests that the 11,559 prisoners listed was far short of the more than 100,000 Allied troops missing. The discrepancy is primarily in South Korean troops.

The list of 3,198 Americans and approximately 1,220 other U. N. Nationals was roughly what was expected, U. N. command sources said.

But 7,142 South Korean prisoners are only a 1/12 of the number the South Korean government said were missing.

The government announced it was "shocked beyond words at the appalling discrepancy. We refused to believe the honesty of the Communists."

The South Korean government statement suggested the Reds were "camouflaging a tremendous number of tragic atrocities or purposely withholding names for some future advantage."

American officers have charged the Reds slaughtered 5,500 to 8,000 of the 11,000 U. S. troops listed as missing in action.

other aunts here, Mrs. Luther Wenzel of Dutch Hill, Mrs. Agnes Champion of Tiona, and Mrs. Ethel Williams of Conewango avenue extension. His father, Leon F. Hawley, was in the U. S. Navy and died in Arizona about 17 years ago as a result of disability incurred while in service. Sgt. Hawley will be 20 years of age this coming January 9th.

Mrs. Edith Lawson, principal of the Pleasant Township school, was overjoyed this morning when informed that Sgt. Hawley was named as a prisoner and still alive. "He is a fine boy," said Mrs. Lawson of her former student and stated that she would announce the news to the school.

Pfc. Rex McCullough, son of Mr. and Mrs. G. P. McCullough, was released from the Army in the fall after being called back for a year's service as a Reserve. He served in Germany during World War II. He is now at his home in Myrtle street with his wife, the former Patty Abbott of Sugar Grove, and their little daughter, Teresa.

the entry of the Chinese Communists into the Korean war. And retailers cite these other factors: The erratic weather of the past few weeks, heavy consumer spending on housing and food, higher personal income taxes.

Christmas club deposits were at an all-time high this year.

In the nation's capital, the Washington Board of Trade predicts Christmas shopping at 62 1/2 million dollars, which would be five million ahead of last year.

Dun & Bradstreet's Christmas shopping estimate, which includes food sales, predicts an all-time retail high. More money will be spent on food and apparel this December, says D. & B., than "in any other month on record."

Long Agony of Suspense Gives Way to Rejoicing

fense Department said its list is expected to take perhaps 48 hours to complete.

Reaction came quickly, poignantly, in a flood of grateful emotion.

It chanced that a man from Pennsylvania was first on the alphabetical war prisoner list from Tokyo—Philip Aaronson, 25-year-old Air Force sergeant, of Harrisburg, who was reported missing in action in Korea November 11, 1950.

FIRST AID for Everybody

IX--First Aid in Common Emergencies

(This is another of a series of articles, written especially for Central Press Association and this newspaper on first aid, a subject gripping the nation in the light of threatened atomic aggression. The articles are based on the American Red Cross First Aid course. First aid principles, applicable to atomic as well as other disasters, are outlined. The Red Cross offers a 22-hour course free which teaches fully the technique of first aid.)

By Central Press

THE RED CROSS First Aid textbook takes up unconsciousness first in this category. Unconsciousness is tricky as far as the first aider is concerned. He is frequently unable to determine the cause.

Skull fractures, apoplexy and drunkenness are easily confused. A man found unconscious and smelling of alcohol may not have been drunk. He may have had a drink or two and fractured his skull in a fall. An elderly person may have had a drink or two and suffered a stroke of apoplexy. Then again an unconscious person may be just "dead drunk."

Therefore, the first aider is instructed to treat an unconscious person for skull fracture or apoplexy if there is any doubt as to the cause of his collapse.

In examination, of course, look first for bleeding, breath stoppage, poison or sunstroke because a special treatment must be given for each of these at once. Look for injury of the head and for a difference in the size of the pupils of the eye, an inequality common in head injuries and apoplexy. Also look for burns around the lips and smell the breath. In all cases, call a doctor at once.

THE TEXTBOOK divides symptoms of unconsciousness into three groups—red, white and blue. The first is marked by flushed face, strong pulse. Put the patient in a lying position, head raised slightly, and keep him quiet. Apply cold applications to the head and loosen clothing. In white unconsciousness, the symptoms are pale face and weak pulse. Keep the patient in a

prone position, his head level or low. Keep him warm. Blue unconsciousness may combine these symptoms. It requires artificial respiration.

In no case is the use of stimulants advised. A drunk, if he can be aroused, may be given something to induce vomiting and later coffee to keep him warm. His legs may be rubbed.

In the case of drunkenness, incidentally, the symptoms cover both the red and white groups of unconsciousness. A flushed face becomes pale later and a strong pulse weak.

In the cases of heart failure, there may be no unconsciousness and symptoms vary. The first aider can recognize the condition by di-

(This is another of a series of articles, written especially for Central Press Association and this newspaper on first aid, a subject gripping the nation in the light of threatened atomic aggression. The articles are based on the American Red Cross First Aid course. First aid principles, applicable to atomic as well as other disasters, are outlined. The Red Cross offers a 22-hour course free which teaches fully the technique of first aid.)

By Central Press

ON THIS SUBJECT the Red Cross First Aid textbook advises "call a doctor, give first aid at once," and adds, "it isn't necessary to remember a long list of antidotes—use the simple measures always at hand."

In other words, quick action is vital. If the poison taken by mouth can be removed from the stomach before it is fully absorbed, the victim's life may be saved. If it has been absorbed even a doctor may be unable to save him.

The directions say "dilute and wash out." This means the patient should be given large quantities of water. Add a teaspoonful of baking soda to a glass if you have it but any sort of water can be used, soapy water or even dishwater. Induce vomiting. Ticking the back of the throat may help. After the stomach is emptied, a tablespoonful of epsom salts in water may be given.

There are exceptions to this rule. In the case of acid or alkali poisoning, do not induce vomiting. For acid poisoning, administer magnesium or baking soda followed by olive oil or egg white. For alkali poisoning, give lemon juice or vinegar followed by milk. For strychnine, keep the victim quiet and comfortable.

HERE is recommended first aid for other poisons:

For alcoholic and sedative poisoning, diluting fluid may be given, vomiting induced, and coffee administered—if the patient is conscious. Rub the arms and legs

toward the body if the victim has collapsed. A certain amount of external heat may be applied. Give artificial respiration if breathing stops. Never try to administer liquids to an unconscious person. In all cases keep the victim warm.

In all kinds of poisoning, control shock and use artificial respiration if breathing has stopped. This is about all a first aider can do if a victim has suffered gas poisoning in an atomic attack.

Food poisoning, mistakenly called "botulism poisoning," may be largely prevented by proper preparation of food and cleanliness in handling and serving food and protection against flies and insects. There are certain mushrooms

FORMER SUPT. OF HOSPITAL IS DEAD

Word has been received by friends in Warren that Miss Veronica N. Stapleton, aged 71, a former superintendent of Warren General Hospital, died suddenly of a heart ailment, November 25, in her home in Westboro, Mass.

Head of the local institution in 1938-39, she left here to make her home in Des Moines, Iowa, and was employed there by Doctors Ell Grimes and James Priestly. She served as an army nurse in World War I and was a charter member of the Argonne Post of the American Legion.

Her only near survivor is a sister, Sister Mary Urbinati, of the Sisters of Charity of Chicago, with a number of cousins residing in Des Moines.

prone position, his head level or low. Keep him warm. Blue unconsciousness may combine these symptoms. It requires artificial respiration.

The first two groups should be kept in a lying position and absolutely quiet. Members of the third group must be propped up enough to allow them to breathe. Coffee and tea may help to keep the patient warm. Reassure the patient. Fear is often intense and makes the condition worse.

The Red Cross course in first aid covers ailments in this category, such as convulsions of children and foreign objects in the throat and windpipe.

Full Christmas Vacation Schedule For Members of Y.M.C.A. Boys' Department

Dan Walton, general secretary of the Y.M.C.A., announces a full Christmas vacation schedule for members of the boys' department commencing tomorrow morning with a foul-shooting contest. Shooting starts at 9:30 for cadets, 10:30 for juniors, and 11:15 for the older boys, with a swim class to follow each period. Emblems will be awarded the division winners.

In the afternoon, beginning at two o'clock, there will be game tournaments in table tennis, bowling and pool. Anyone wishing to enter any of these should sign up at the desk.

This Friday, the cadets and juniors will have special swim classes at 2:00 and 2:45 in the afternoon, with a gym period and swim for the older boys at seven o'clock that evening. At 7:15 there will be a special Christmas movie program on the second floor.

Rifery at the State Armory at nine o'clock opens Saturday's schedule, the cadets firing at 9:00 and the juniors at 10:30. Also at 2:30 and 10:45, will be classes in the gym and pool for cadets and juniors respectively. The afternoon program will run as usual, with the Y-Grade School basketball league starting games at noon, followed by the Y-Junior league games.

The "Y" will be closed next Monday and Tuesday for Christmas, but the program gets back into full swing again Wednesday with swimming sessions for the cadets and juniors at 2:00 and 3:00 in the afternoon and at seven in the evening for older boys.

One of the highlights of the holiday program will be at 1:30 Thursday, December 27, when the annual electric train races will take place in the Canteen. Entry blanks and rules can be secured at the boys' desk by those interested. That morning, another foul-shooting contest will be run off for each group at the same time as those for tomorrow.

Thursday evening will be set aside for the big Christmas Gra-Y rally at seven o'clock.

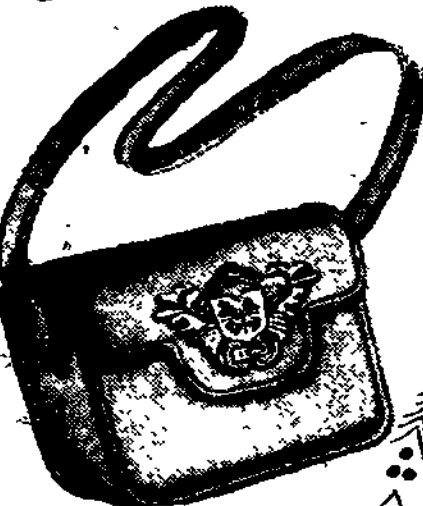

Friday, December 28, features novelty athletic meets for cadets

"West opened the king of spades, and East signalled with the six of spades. East was willing to encourage a spade continuation, and he was also willing to have West shift to hearts. He thought that

West would consider the high spade (the six was higher than necessary, although not a very high card) as calling for one of those two suits.

"West actually shifted to a trump. This made matters easy for South. He put up dummy's eight of diamonds, drew trumps without loss, and then ran the clubs. He made his doubled con-

tract with an overtrick.

"This is pretty miserable defense, I'm willing to admit, but where did we slip? How would a pair of experts handle this kind of situation?"

I'm afraid this one is on East. There is no need for him to rely on a signal when he can take personal direction of the defense.

East should overtake the king of spades so as to win the first trick with the ace of spades. East should then cash the ace of hearts, following with a second round of spades.

This compels dummy to ruff, leaving only one trump in dummy. One trump is not enough to pick up East's king of trumps, and the contract is defeated.

The lesson is short and sharp. Never ask your partner to do what you can do for yourself.

CORYDON WOMAN IS 82 YEARS OLD TODAY

Mrs. Alice Sparks, who has spent her entire life in the Corydon community, is today observing her 82nd birthday with family and friends.

Mrs. Sparks' parents were early Valley settlers and she was born in a small house, which then stood on the former Woodbeck property, shortly after they settled in Corydon. She remembers much of the early history of Corydon and can relate some interesting events.

Skilled in the art of crocheting and knitting, Mrs. Sparks passes much time with this, her favorite hobby, besides busying herself with household tasks. She has two sons residing in Corydon, Charles Whyte and L. J. Whyte, the latter being star route mail carrier.

CORYDON WOMAN IS 82 YEARS OLD TODAY

Mrs. Alice Sparks, who has spent her entire life in the Corydon community, is today observing her 82nd birthday with family and friends.

Depleted Sheffield Illinois, Syracuse, Squad Triumphs In So. Cal. and Kansas Tionesta Encounter High in Basketball

Despite the absence of two starting men, Sheffield High Wolverines managed to stay in front of a Tionesta High five for four periods and came up with a 47-44 victory, their fourth of the season, last night on the Tionesta court. Lettermen Jerry Fitzgerald and Wenker, towering center, were both bed-ridden with the flu. Jerry Carr had his hottest night of the season to pace the Wolverines' win with 23 points on 10 field goals and three free throws. Bloom and Sweet were high men for the losers with 12 each.

The Orange and Black cagers racked up an eight-point advantage in the first stanza that was responsible for the verdict, as Tionesta outscored them in the second and fourth frames and matched them even in the third.

Second and Third Period Leads Gives Kane Victory Over Warren

Through The Wind Tunnel VISITORS DISPLAY A STRONG DEFENSE, WIN BY 55-45 AS EXCITED CROWD GOES WILD

Warren JayVees In First Loss as Kane Wins Prelim Game

Those Kane Wolves, who ant limping back up the mountain last football season, came whooping down from the heights, last night, and their veteran-laden squad managed to wrest a 10-point victory from the Dragons. It was well earned and hard earned, with the locals showing more promise all the time.

Bob and Stu are two buddies well known for the amusing tricks they play on each other. And now their sense of humor seems to have carried them through the best one of all. According to the story that's being related by their friends, the two were hunting when Stu saw a deer, raised his gun to fire when Bob leaned close and whispered, "Hey, Stu!" Poor Stu! He lowered his gun just as Bob went into position and shot the deer! And then he had to help Bob drag it out of the woods.

With With John Migliazzo and Bob Berlin dropping in 13 points apiece to share scoring honors, their Kane Jayvees rolled over the Warren High junior varsity, 50-34, in a prelim at Beatty gym last night. It was the first loss of the season for the Dragonettes on their home floor.

The Baby Wolves, under Coach Rudy Federici, a former Penn State cager, racked up 8-5 and 13-11 margins in the first two frames and then poured it on hot and heavy the third period with 16 counters for a 37-25 advantage.

Federici presented a quintet that outshone the young Dragons with fine ball handling and sharp defensive play most of the game.

Manny Gerhart was next high for the Kane team with 11 points, while Bob Wilson and Bill Cramer topped the locals scoring with 10 and eight respectively.

According to the Ridgway Record, Messrs. Olson, Knight, Jones, V. and P. Smith, and Jackson journeyed there from Warren, Saturday night, and lost a basketball game to the Ridgway "Y" cagers by a score of 98-50. Come home, boys, all is forgiven!

Dick Harris and some of the boys from the W. H. S. team of 1946 have been approached by Kane players from the same year with a request that a holiday season game be arranged. The Warren young men are hoping it can be squeezed into an already full calendar of events, and may have an announcement to make.

Stengel Won't Be Involved in DiMaggio's Decision to Retire

BY HARRY GRAYSON
NEA Sports Editor

COLUMBUS, O.—(NEA)—Casey Stengel made it quite emphatic that he would not become involved in Joe DiMaggio's decision on his baseball career.

Asked if he wanted DiMaggio to return to the Yankees, Manager Stengel replied: "That is not for me to answer. It is something for DiMaggio, Del Webb and Dan Topping to decide."

"If Joe, who still is about as good a center fielder as you will find in the American League, wants to play another year, I will not entertain a proposition to shift him to left or right field."

"He would be most valuable if he limited his services to 75 or 80 games, stopped playing double-headers, and possibly did not compete on afternoons following night contests."

"I have to arrange for complete coverage of center field. This involves Mickey Mantle and Jackie Jensen, for whom we have had no fewer than five offers."

"Mantle still is having trouble with that right knee wrenched in the second game of the World Series."

"We have no deal for Ned Garver. Last Spring, when it looked as if we would have to do without Allie Reynolds, I offered five men for the Brown's pitcher. We just had dropped three straight in Boston, and man was I in a panic. But now the situation is different."
